

JOHN FRATTARELLI, M.D., HCLD

REPRODUCTIVE ENDOCRINOLOGY

1401 S. BERETANIA STREET, SUITE 250, HONOLULU, HI 96814
(808) 545-2800 | IVFcenterHawaii.com

► DR. JOHN FRATTARELLI, FOUNDER AND DIRECTOR FOR THE FERTILITY INSTITUTE

OF HAWAII and a recognized expert on reproduction, is one of only a few board-certified fellowship-trained Reproductive Endocrinologists in Hawai'i. As the only fertility specialist in Hawai'i (and one of just a few nationwide) credentialed as a High Complexity Clinical Laboratory Director (HCLD), he can exercise singular oversight of all activities within the IVF laboratory. Dr. Frattarelli is regarded as one of the most experienced fertility physicians in the country, with over 20 years of experience evaluating and treating couples with fertility and reproductive disorders, and participating in more than 25,000 fertility treatment cycles resulting in over 11,000 babies.

Offering an on-site state-of-the-art IVF laboratory built in 2011, the Fertility Institute of Hawaii can provide advanced fertility treatments utilizing cutting-edge technology. As a world-renowned premier fertility center, the Institute is dedicated to optimizing each patient's treatment outcome. The staff offer patients advanced compassionate care that result in some of the best pregnancy rates in the world. Dr. Frattarelli would like to express his sincere gratitude again this year to his peers for the recognition and receipt of this Top Doctors nomination.

ADVICE TO PATIENTS

Fertility problems are very common, affecting 1 in 6 couples. If it is taking longer than six months to conceive or if you think there might be a problem, seek help. A simple consult and evaluation may be all that is needed.
